## **Cougar Alley to close for roadwork**

THE COLONY, Texas — Texas Department of Transportation officials have advised the city that there will be a full closure of Cougar Alley at the intersection of FM 423 for one week this month, starting Monday, March 9 and continuing through Friday, March 13. **Weather-related delays, however, have forced an extension of the closure through Monday, March 16.**

This closure is necessary for excavation, installation of a water line, and restoration of the roadway. It has been timed with spring break to minimize the impact on traffic flow in that area.

This closure is part of the Main Street Widening Project. During construction, the Engineering Department will post updates and information regarding the progress of this project at <http://www.thecolonytx.gov/Resident/RoadRepairs.html>, including when and where specific work will take place.

In addition, updates can be found on the city's social media and in the bimonthly electronic newsletter. If you have additional questions, you may email Director of Government Relations Brant Shallenburger at [bshallenburger@thecolonytx.gov](mailto:bshallenburger@thecolonytx.gov) or call 972-624-3108.
